

BWK 1607 WINE COOLER

Product data sheet

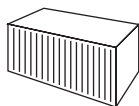

Product range	Wine Cooler
Brand name	Qlima
Model	BWK 1607
Positioning	Built-in
EAN code	8713508773711

Technical specifications

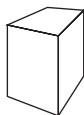

Standard bordeaux bottle quantity (750 ml)	bottles	7
Total internal volume	L	20
Energy efficiency class		A
Number of zones		1
Power consumption (nominal)	W	70
Mains voltage	V / Hz / Ph	220-240 ~ / 50 / 1
Current (nom.)	A	0,5
Temperature range int. min-max (zone 1 / zone 2)	°C	5 - 18
Compressor / thermo-electric		compressor
Number of storage layers		6
Shelf type		wood
Interior light		Yes
Control		Electronic
Electronic display		Yes
Reversible door		Yes
UV-protection glass door function		Yes
Sound power level ***	dB (A)	44
Dimensions (w x d x h)	mm	145 X 471 X 865
Nett weight	kg	19
Refrigerant (type/weight)	../gr	R600a/16
Compressor type		Reciprocating
Protection class	IP	X0
Climate class		N
Guarantee	years	2

*** to be used as indication

BWK 1607 WINE COOLER

Internal ventilation

Vibration protection

Interior light

Reversible door

Features

Built-in wine cooler

This wine cooler is designed to be built into existing counters and cabinetry as they include a front vent located under the door that channels heat forward away from the unit.

Internal ventilation

The temperature inside is distributed evenly through out the wine cooler. Preventing hotter / colder zones.

Vibration protection

Vibrations disturb the naturally occurring sediment in wine, which will disturb the natural aging process of wine. Vibrations cause movement which will age wine and cause excessive heat. This Qlima wine cooler is designed to limit vibrations to a minimum so that your wine rests disturbance free.

Electronic display

The unit is equipped with an electronic display which provides clear information and is easy to read.

Interior light

The modern blue interior LED-light is helpful when viewing and selecting from your wine collection. It also make the wine cooler an eye-catcher in your kitchen or living room. The light can easily be switched on/off.

Reversible Door

This wine cooler comes with the option of changing the direction the door will swing. The procedure of changing the door direction swing is very easy. Directions can be found in the user manual of the unit.

Extractable wooden shelves

The high-end wooden shelves are partially slideable. This makes it easy to check the bottle or label of the wine.

Design

The Qlima wine cooler has a high-end stainless steel appearance.
